

These pumps used advanced technology with high efficiency and minimized noise. The pumps are designed and manufactured according to all the requirements by CE/GS/SAA/VDE. And the pumps are IPX5 approved. Pump casing is made of reinforced plastic.

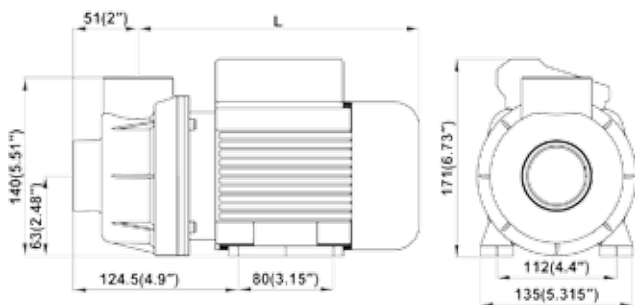

### Application

- Small size above ground pools of all types (including in-floor cleaning systems solar heating systems water features or water garden)

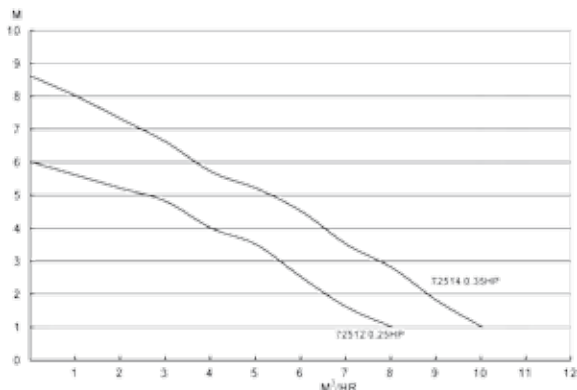

### Features

- All components molded of corrosion-proof reinforced thermoplastic for extra durability and long life
- Using of the mechanical seals to lengthen the life and lower the noise.
